

Remote Learning Agreement

The school will:

- Provide access to live teaching/pre-recorded lessons each morning for maths, English or phonics daily for all pupils – this may vary according to the requirements of each year group
- Where possible, to provide access to live/pre-recorded teaching for wider curriculum subjects
- Provide secure links sent by email/Google Classroom to access the live sessions
- Provide activity sheets and other supporting materials for pupils to complete work on the year group Google Classroom platform (where appropriate)
- Ensure that when live teaching is being led from the classroom at school, the camera will not show any pupils in the class, only the board and teacher when a single child is isolating. Where teaching of the whole cohort is remote, children will be able to see each other and the teacher in Google Classroom.
- Ensure that any individual pupils not attending school due to self-isolation have at least weekly contact with the pupil's class teacher to see if further support can be offered to access the learning materials. This applies to individual pupils who are not at school. This does not apply when a class or year group are isolating.
- Provide feedback to children about their work either verbally or via email about completed pieces of work

Parents will:

- Ensure that pupils maintain an acceptable standard of behaviour when joining a live/pre-recorded session from home - ensuring they follow teacher instructions etc
- Ensure that other members of the household behave appropriately during a live teaching/pre-recorded session - using appropriate language and behaviour that does not distract the other pupils
- Keep the links to live teaching/pre-recorded sessions confidential and not share these with any third parties
- Ensure they do not record any part of any live teaching sessions or pre-recorded sessions (either photographs, video or audio) and do not share with any third parties or on social media platforms
- Raise any concerns regarding the live lessons appropriately with year leaders at the school
- Not attempt to engage directly with the teacher at any time during a live teaching session
- Inform the teacher if their child is finding difficulty in completing the work set
- Be respectful when raising concerns with the teacher – either by phone or email

Pupils will:

- Arrive for lessons punctually and ready to learn
- Have resources ready at their workspace
- Listen carefully to the teacher and follow the teacher's instructions
- Engage with lessons
- Dress appropriately for lessons i.e. not in pyjamas, bare chested
- Avoid snacking during lessons
- Inform the class teacher if work is challenging or unable to complete work – this can be done verbally in the live lessons, in the Google Classroom 'stream' or via email
- Complete work set online to the deadline set by the class teacher

By taking part in live lessons, parents and children are agreeing to the above code of conduct. Any parents who are not able to follow this agreement will not be able to have access to live teaching for their children.
